I acknowledge

It is encouraged to supply sufficient information regarding your delegation for inclusion on the public meeting agenda, including any requests for action on the subject matter. Details of the purpose of the delegation: *

We are a group of business owners, staff and property owners in and around the Library Lane walkway.

We are looking to open discussion around several key points:

Walkway structure appears to be failing; metal posts are rusted at bottom, wood trim in dried out, gravel and tar spilling over roofs edge, walkways ceiling stained yellow, to name a few concerns.

Bricked inclined areas have become unsafe. Trip and fall hazard/liability.

Brick inclines are creating flooding at the main door of 1 Library Lane affecting the business located inside (reported through portal to request repair)

Post at both ends incased in bricks block line of sight down the walkway and provide a place for people to hide behind as noted in OPP report.

The sheltered walkway provides cover for people to smoke and loiter. This is a major walkway in town not a place to be blocked by groups standing under it.

Our hope is to open the discussion about removing the covered portion of the walkway.

To improve accessibility in the area along with eliminating the trip hazards; we would like to discuss have the walkway repaved and lowered to be inline with the walkway at Library Lane.

The walkways area needs structural repair; if that is even possible. We think a removal would cut down on future costs in maintaining or repairing it as well improve community safety.
