

Cranberry Road Capitol Project 2025 - underway

The Cranberry Road Capital Project currently underway, includes a 3.0m wide asphalt multi-use trail. A controlled Pedestrian Crossover (PXO) will be installed on Cranberry Road as part of the project (location as shown in attached drawings). This information has been brought to the Accessibility Advisory Committee for their information and feedback.

Thomas Louws, Operations Technologist, will be in attendance to provide an overview of the project and answer any questions members may have.
