Crosspoint Community Church is located at 150 Concession Street West in Tillsonburg. A few years ago it was brought to our attention that the new development surrounding our property had a lack of greenspace. After discussions with the developer and builder we made arrangements' to purchase a portion of land that connects our property to the new development so we could offer an area of our property for greenspace. We have spent the last few years working with different recreational companies and have a few plans ready. We are at the point in the project were the focus on fundraising begins and wanted to start with the town of Tillsonburg, propping to make this a joint project and being able to then bring the plan forward to the community for support. We are asking for a commitment of funds and for the services to the park (water,hydro and waste) to be provided by the town. We believe that this greenspace initiative will greatly benefit both the residents of the new development and the wider Tillsonburg community. By partnering with the town, we can ensure that the park is accessible, well-maintained, and equipped with essential amenities. This collaboration will not only enhance recreational opportunities, but also foster a sense of belonging and community pride.

We look forward to working together to create a vibrant and welcoming greenspace that serves everyone in Tillsonburg. Your support and commitment will be instrumental in bringing this vision to life, and we are eager to engage the broader community in the next stages of the project.
